

European Fencing Confederation Technical Director

To whom it may concern

Bratislava, January 20, 2012

Upon request of the organizers of EFC Cadets Circuit competition to be held in Warszawa on 28 to 29 of January 2012 I agree that the formula of the competition in individual men's foil cadets contains only one (1) round with pools followed by direct elimination with repechage despite that the one published in the invitation stated that the formula will contain two (2) rounds with pools. The reason are technical obstacles on the side of the organizers caused by **unexpected increased number of participants** at this event harming good and smooth running of competitions aimed for young fencers.

I hope that this decision will be accepted by participating delegations with understanding of the circumstances.

Sincerely yours
